WINE MAKING

At vintage all parcels are pressed into tank and cold fermented to preserve aromatics and freshness. Small batches are kept separate to see how the vintage and vineyard sites express themselves. The best parcels of wine are then blended and bottled for release in winter each year.

VINTAGE & VINEYARD

Sauvignon Blanc is the most planted variety in the Adelaide Hills. The cool climate of our region produces a style with lovely fresh palate and mouthwatering acidity.

The fruit was sourced from two vineyards in Mylor and Gumeracha. 2022 gave us cool and dry conditions, allowing us to keep fruit on the vines for longer, giving greater complexity and flavour.
