

16/3/2020

A note to our valued customers and suppliers –

Our plan is to keep our tasting room open for as long as we are allowed throughout the COVID-19 pandemic. Our priority is the wellbeing of family, friends and staff, as well as our loyal customers and suppliers who visit our venue. To do this we have implemented the following hygiene and sanitation procedures as per the recommendations from SA Health.

- Regular cleaning with antibacterial cleaners of all surfaces (POS Ipads, eftpos machines, cash drawer, door handles, tables and chairs)
- All glassware and water bottles are cleaned and sanitised in a touch free glass washer at 80 degrees
- Digital payment is preferred to avoid cash handling
- Additional aids provided for hand washing / sanitation.

Our venue is predominantly outdoors, our tables are well-spaced and service is provided at your table. We do ask that during these uncertain times that if you are feeling unwell you save your visit for another time. Bookings also preferred for weekend visits.

We also have risk-free options available for wine delivery if you are in self-isolation or quarantine – contact our tasting room team for assistance on 08 8339 2633 | cellardoor@deviationroad.com.

Our webstore is business as usual, or if you would prefer, contact our team to order over the phone. We are offering complimentary shipping on all orders until further notice – to access the offer, use the code **LOCKIN** at checkout.

Cheers,

Hamish & Kate
